POSITION SUMMARY

Heritage Preparatory School seeks a talented individual to serve as a teacher for Nature Studies and Art for Enrichment students for the 2022 - 2023 academic year.

Nature Studies is the study of God and His creation. Students' sense of wonder is stirred as they observe, manipulate, question, learn from, and delight in the details in their surroundings. Young children explore and interact with nature through scavenger hunts, imaginative play, measurements, and sorting; they delight in plants and animals through hands-on, high sensory tasks; they learn about the lives of animals through stories and observations. In art class, students learn to appropriate and create that which is good and beautiful. Students are introduced to the elements of line, shape, color, texture, form, and space; they create works exploring these elements. Students are introduced to Great Masters, such as Monet, Van Gogh, Mary Cassat, and Piet Mondrian, and they engage in great literature that inspires art, such as books by Beatrix Potter, Dr. Seuss, and Eric Carl.
