

2022-23 Parent Workshop Descriptions

Wednesday, October 26

Technology

How do we raise children in a God-honoring way in our current culture where the average American child has a smartphone at age 10 and many young people have neglected social interactions and normal rites of passage due to their obsession with technology and social media? Come and learn about this issue from a subject matter expert. This workshop is open to all Heritage parents. C4-C10 parents are strongly encouraged to attend.

learn enough basic information about Latin that you will feel comfortable helping your children study vocabulary and charts, discuss homework or concepts studied in the classroom, and listen while your student explains grammar. This workshop is designed for parents of students C3-C9 who want to be better equipped in how to help their children with the study of Latin.
