Shepherding a Child's Heart

Note: Location is South Campus Sanctuary for this workshop

“What your children say and do is a reflection of what is in their hearts....Your concern is to unmask your child's sin, helping him to understand how it reflects a heart that has strayed. That leads to the cross of Christ. It underscores the need for Savior. It provides opportunities to show the glories of God who sent his Son to change hearts and free people enslaved to sin.”

Tedd Tripp

Tedd Tripp has served for many years as a pastor, counselor, school administrator, and father. His book *Shepherding a Child's Heart* is written specifically for parents and provides godly wisdom on children's development, how to embrace biblical parenting methods and how to train your children to live in a way that honors the Lord. All parents attending this workshop should read the book prior to attending and should come prepared to discuss it. EI-C2 mothers are strongly encouraged to attend this workshop.
